Issue 08

Aug 2003

Hello Fellow Hams,

I hope you have had a fun and exciting summer as Ev and I have.

We

have had lots of family here all summer and we went up to Bear Lake for a Family Reunion.

We have been so busy, and Richard has spent the summer at Scout Camp, that I think we should take August off with no Ham Club Meeting. I had planned to have Ken finish his antenna and feed line presentation this month, but he is going out of town that day.

See you on the 16th of September at the usual place for our annual Fox Hunt. Come prepared to hunt down those little furry creatures.

Have a great day and good hamming to you.

Jim N7JHC

From the EDITOR:

I to have been really busy this summer. I have had what seems like none to very little time to do the newsletter.

It is with many regrets to inform the club members that at this time I am resigning as the club newsletter editor.

I have lost quite of bit of interest in amateur radio. It will always be a hobby that I can and will have fun with. At this moment in time I need a break.

If you are ever on HF in the CW part of the Bands you just may catch me there.

CW is a dying art, and I always root for the under dog, and CW is my most favorite part of amateur radio, that's where I will be.

73's N7BO

Club meeting

September club meeting will be the annual Foxhunt. Bring your DFing equipment.
