

President's Message

Concerning the request for manuals, John Eye, N0HWD, states: "We keep a current copy of the technician license manual in the SUU Library along with QST & CQ Amateur Radio magazines (I work in the SUU Library). So anyone could access this material in the library or check them out with a patron card (\$25/year). They could also photocopy selected portions if that would better suit their needs. Just another option."

I would like to thank all of those who have made efforts to make Field Day a great event this year. We have announced the event publicly in the newspaper. We have invited the public. We have invited several public officials. Two of these, at least, will be attending: Charlie Morris, Iron County Emergency Manager; and Mayor Gerald Sherratt of Cedar City.

We will have a GOTA station for new hams and those interested in becoming hams. This is shaping up to be a great Field Day.

Additionally, Russ Chaffee, and his team of VEs, will be holding a test session on Saturday, the 28th at 4pm

along side the CW station setup at Field Day. If you know of someone who wants to test up or license up, please have them contact Russ, N7BO, so that he can have enough materials. The test fee is \$14 per sitting, this year.

At The Last Meeting

We talked about what club dues are used for. We discussed some repeater problems and how we should ask for problems to be fixed.

We also finished planning Field Day. We hope to see you there. If you are planning on participating in the Field Day pot-luck, please contact Harl Adams, KE7OCJ for a food assignment.

Preparing For an Emergency

Non-Radio

Nothing this month. If you have any suggestions, please email [Trever Adams, AE6HR](mailto:Trever.Adams@AE6HR).

Radio

Nothing this month. If you are attending Field Day and want to show of your emergency station, please get a hold of N7SIY and bring you grab-and-go kit.

Getting to Know the Club

None this month.

Getting Ready (Training)

We have arranged a special CERT training session with the County. The dates for CERT training will be 1&2, and 8&9 of August. Fridays will begin at, I believe, 6pm. They end around 9pm. I believe that Saturdays start at 8 or 9 am and go until about 5. The class is \$35 per person. Additionally, we may be doing it with another group. Please, invite others to attend with you. It appears that the dates will likely be the 1/2 and 8/9 of August. Remember it takes two weekends - two Friday evenings w/ the following Saturdays; about 20 hours of training.

People have asked about ICS/NIMS 100, 200, 700 and 800 again. The URL is:
<http://www.learningservices.us/FEMA/LMS>.

Please, contribute.

In The Shack

None this month. Please submit ideas to [Trevor Adams, AE6HR](#).

New HAMs

None known to newsletter

Recent Upgrades

None known to newsletter

Sought/For Sale

Sought:

None known to newsletter

For Sale:

Ken, W7KBM, notes the following:

“The 147.36 Repeater is for sale, it includes a GE Master 2 repeater, a large duplexer and a voice controller. It is in service at my home.

All that is needed is a antenna and power to it. If you are interested call me at 586-9033 or email knoliver@netutah.com. Ken W7KBM”

Club Calendar

Nets:

146.760	RCARC Friendship Net	9:00 PM Daily (PL 123.0)
28.400	RCARC 10 meter Breakfast Net	7:00 AM Monday - Saturday
146.760	RCARC Training Net	9:00 PM, July 2, August 6 (Every First Wednesday)
28.425	RCARC 10 meter Training Net	8:00 PM, June 25, July 30 (Every Last Wednesday)

Club Meetings and Activities:

June 10 Meeting	Field Day assignments/CW Demo.
June 28-29	Field Day
July 8 Meeting	Discussion of Propagation
July 19 th Activity	Fox Hunt – BBQ to Follow (possibly at 3 fountains Club House). Bring and cook your own meet; pot luck.
Aug. 12 Meeting	Emergency Preparedness
Aug. 16 @ 10AM	Emergency Communication SET
Sept. 9 Meeting	ARRL and Mel Parks
Oct. 14 Meeting	ARRL Antenna Modeling Program
Oct. Activity	Jamboree On-The-Air / Radio Merit Badge (BSA related)
Nov. 11 Meeting	Proper Operating Procedures/Club Nominations
Nov. Activity	Special Event Station with Pioneer Days
Dec. 9 Meeting	Elections/Christmas Party

Please note, the frequency for Joel's training net and the breakfast net may be changed over the next few weeks to months. It appears that 28.400 and 28.425 are both listed as calling frequencies on some band plans. We will review this and other information and come to a decision shortly.

If you have any suggestions or changes for these items, or for who you would like to see teach one of these classes, please contact Richard, K7ZI, or Trever, AE6HR with your suggestions.
