

President's Message

The local nets seem to be doing well. Our newest Extra Class operator, Kal, is still running the breakfast net on 28.400 every morning (except Sunday) at 7:00AM. Quite a few people are checking in to that net on a regular basis. There is also an evening friendship net on 146.760 at 9:00PM every night for you late nighters.

The September meeting is slated to have a guest speaker. We will also have a look at the new UNIS (Utah Notification Information System) that the club has been invited to use. Hopefully we will have administrator rights in the system by the meeting night and we can have a demo of how it works. As of the writing of this article we are still waiting for the state to get us set up. This will enhance our callout capabilities in the event of an agency needing our services.

Joel and Sylvia are gearing up to teach us a Red Cross training class in October. This will allow those who participate to become Red Cross certified so we can work in Red Cross shelters providing communications when needed. I encourage all to mark your calendars for the

October meeting which will start earlier (6:00PM) as the course will take a couple of hours to complete.

See you on the air.

Terry Lee, KD7TTT
President

At The Last Meeting

At the last meeting those who attended had a chance to get to know the ICOM 706MKIIG radio. This radio is the radio used by the County EOC.

Reports have it that people had a lot of fun with the two radios which were provided to use at the radio.

Preparing For an Emergency

Non-Radio

Nothing this month. If you have any suggestions, please email [Trever Adams, AE6HR](mailto:Trever.Adams@AE6HR).

Radio

Nothing this week.

Getting to Know

In This Issue

- **President's Message**
- **At The Last Meeting**
- **Preparing For an Emergency**
- **Getting to Know the Club**
- **Getting Ready (Training)**
- **In The Shack**
- **New HAMs**
- **Recent Upgrades**
- **Sought/For Sale**

the Club

Starting next month, Trever Adams will be asking club members (either individuals, couples or families) to provide a picture and a profile of them. He will be doing this to help the club members know each other better.

Getting Ready (Training)

At the last meeting, it was decided that in October, Joel and Sylvia will be doing the Introduction to Red Cross training. Additionally, the Federal Government just added one more track that must be completed to work in the EOC. This was NIMS 128. You can find the training at:

<http://training.fema.gov/IS/viewall.asp>.

In The Shack

Please, if you have tips each month, or interesting QSOs please, provide [Trever Adams, AE6HR](#) with your suggestions each month.

New HAMs

Welcome to: Salvatore Leggio, KE7OOB and Gloria Leggio, KE7OOC.

Recent Upgrades

Congratulations to Gloria and Salvatore Leggio who upgraded to General Class at the last test session.

Also, congratulations to Kal, KB7FWR for upgrading to Amateur Extra Class.

Sought/For Sale

Sought:

Used antenna tuner for HF rig. Looking to spend about \$40 or so. Call Terry KD7TTT. 704-0045.
